

# ANYAA SACHDEV

Half Hollow Hills High School East | GPA: 97.08 (Weighted)

## EDUCATION

### Half Hollow Hills High School East | Expected Graduation: June 2026

- GPA: 97.08 (Weighted)
- Coursework: 11 AP courses including Calculus AB, Chemistry, Literature, Gov, Research, Biology, Pre-Calculus, U.S. History, World History, Seminar, and Human Geography; PLTW College Engineering
- AP Scores: 5's (Pre-Calculus, Human Geography, Seminar) and 4's (World History, U.S. History, Biology, Research)

## AWARDS & HONORS

- **International Computer Science Competition Finalist (2025)** — Selected as international finalist from 3,800+ top CS students worldwide through multi-round algorithmic challenges
- **FIRST Robotics National Dean's List Semifinalist (2025)** — Top 20% nationally out of 80,000+ FRC participants; recognized for leadership excellence, technical expertise, and STEM advocacy
- **27th Nationally, NCFL Grand National Public Forum Debate (2025)** — Placed 27th out of 160+ teams nationwide; advanced to elimination rounds debating pharmaceutical advertising ethics
- **NY State Champion, Varsity Lincoln-Douglas Debate (2025)** — 1st place out of 100+ varsity competitors statewide; debated AGI ethics through 5 prelims and elimination brackets as a junior
- **Town of Huntington Proclamation (2025)** — Municipal recognition for securing \$10K STEM grants, founding Women in STEMinar, mentoring FLL teams, and pediatric cancer fundraising
- **\$10,000 STEM Grant, NY State Assemblyman Steve Stern (2025)** — Secured through direct pitch to NY State Assembly for robotics program expansion and STEM community outreach initiatives
- **Gold Finalist, Long Island Math Fair (2025)** — Top regional placement for mathematical analysis of chaos theory applications; presented advanced research on nonlinear dynamics
- **AP Scholar with Distinction (2025)** — Earned 3.5+ average across 7 AP exams taken by junior year; three 5's and four 4's across STEM and humanities subjects
- **NYSCAME All County (2025, 2023, 2022) & NYSSMA Level 6 Excellent (2025, 2024)** — Selected for county-level honor ensembles; earned Excellent rating at highest NYSSMA level for clarinet

## LEADERSHIP EXPERIENCE

### Team Captain, FRC Robotics Team 3624 | 2022–Present

- Lead 60+ members across engineering, programming, and business divisions; secured \$10,000 grant from NY State Assemblyman
- Founded and led Women in STEMinar: Year 1 (70+ attendees), Year 2 (100+ attendees); event replicated by another Long Island team
- Revamped team onboarding with 'Legacy Binder' and 'Shadow Week' systems; directed Impact Award submissions and sustainability initiatives

### Captain, Varsity Debate Team (Lincoln-Douglas & Public Forum) | 2022–Present

- Trained 40+ LD and PF debaters through 20+ workshops and case-writing sessions; 3 students became finalists at national circuit tournaments
- Created new department focusing on modern debate approaches for national circuit competition; integrated BLOCKSMITH tool to streamline research

## **Community Service Liaison, Healing with Music | 2023–Present**

- Performed clarinet, guitar, and piano at 12+ hospitals and senior centers to bring music therapy to patients and residents
- Built FOUNDLY platform to digitize impact tracking for 95+ members across multiple community service organizations

## **TECHNICAL PROJECTS & EXPERIENCE**

### **AI Engineering Intern, OdysseyRe | Summer 2025**

- Prototyped internal AI tools for legal risk assessment and data automation; presented results to CIO and department heads
- Delivered technical presentation to 100+ members of IT/Engineering Department on AI implementation strategies

### **Lead Programmer, NASA HUNCH | 2024–Present**

- Built object detection system for Lunar Ejecting Robot (2024); currently developing Mars Trash Ejector (2025); programmed gyroscope calibration and sensor integration through 2 formal NASA design reviews and 5 mentor feedback cycles

### **BLOCKSMITH — Full-Stack Debate Research Tool**

- Designed and coded full-stack tool that auto-formats debate blocks and finds evidence for PF and LD debaters
- Used by 400+ visitors nationwide, especially public school teams; improves prep efficiency by 70% based on pilot testing

### **FOUNDLY — Volunteer Management Platform**

- Created platform for youth nonprofits to track projects, hours, and impact metrics; serves 95+ members across multiple organizations with MongoDB Atlas integration

### **ENGINYOU — Engineering Education Web App**

- Developed interactive learning platform bridging Python coding with real-world engineering; features gamified modules with 30+ lessons and 15+ projects; serves 200+ visitors nationwide

## **ADDITIONAL ACTIVITIES**

- **Private STEM Tutor** — Tutored 3+ students weekly in science and math; developed original worksheets and study plans; raised struggling students' grades by 15-30%
- **Clarinetist, Tri-M Honor Society** — NYSSMA Level 6 Soloist; NYSCAME All County (2025, 2023, 2022); Wind Ensemble and Five Towns College Honors Bands; built gesture-based, prosthetic-compatible music sequencer
- **Author, An Ode to You** — Wrote and published book on resilience, loss, grief, and purpose; sold 50+ copies and delivered readings for audiences of 50+
- Member, National Honor Society, Science National Honor Society, Chinese Honor Society, Rho Kappa Social Studies Honor Society, Tri-M Music Honor Society
